Discuss High School Lockers.

The question of whether or not the lockers in the new high school be placed in the hallways and the locker rooms used as class rooms was discussed at some length. Henry Frost of Frost & Frost, high school architect, opposed the proposed change pointing out that hallways are now but 12 feet wide and that the lockers, arranged on the two sides, would take off two feet.

Supt. R. J. Tighe declared that within two or three years it will be absolutely necessary to utilize the locker rooms for classes. Mr. Frost replied that the change could be made at any time. The matter was disposed of by referring it to the external committee.

The matter of purchasing machinery for the manual training department was referred to the chairman of the external and finance committee, with power to act.

BISBEE MINERS RECEIVE WAGE RAISE; GET \$5.35

Bisbee, Ariz., March 14.—Bisbee miners are now said to be the most highly paid in the United States. Managers of the copper mining companies operating here announced Monday a new wage schedule making the wages of miners \$5.35 a day. The increase became effective March 12. About 2,000 men are affected. The companies' action was voluntary and was based on the high price of copper.

STEVENS GETS SOME LUNCH

Imperial Potentate is Met at Union Station With Band; Big Feature Wednesday.

J. Putnam Stevens, of Portland, Me., imperial potentate of the Ancient Arabic Order, Nobles of the Mystic Shrine of North America, is the guest of El Maida temple of El Paso. He arrived Monday evening at 5:25 from San Antonio and at noon today was the honor guest at a luncheon at the Paso del Norte.

Mr. Stevens is making an official visit to the various temples in his jurisdiction and before his return to his home in Maine, will have visited over 100 temples, including the one in Honolulu. He will be joined here Wednesday morning by several members of the imperial divan, traveling in a special train, with P. K. Silverwood, illustrious potentate of the Los Angeles temple, as host.

Mr. Stevens is accompanied on the present trip by Noble A. B. Ricker of Poland Springs, Me., as escort of honor. Mr. Stevens and Mr. Ricker were met at Clint Monday afternoon by a reception committee composed of Sol Berg, illustrious potentate of El Maida temple; John M. Wyatt and Eugene L. Harris, past potentates W. W. Evans and James K. Boyd. With the committee also were: J. O. Cushman, past illustrious potentate of Ballut Abayd temple of Albuquerque, and J. W. Elder, illustrious potentate of the same temple, who brought greetings from the Albuquerque nobles.

Are Met at the Station.

At the union station, where the members of El Maida temple, headed by the Municipal band, welcomed the imperial potentate, and escorted him to the hotel Paso del Norte, which will be his headquarters while in El Paso. Monday night he informally met El Paso Shriner.

The committee having in charge all arrangements for the entertainment of Mr. Stevens is composed of Sol Berg, illustrious potentate, and past illustrious John M. Wyatt, Dr. J. B. Brady, R. D. Richey, S. J. Presidential and Eugene L. Harris and Dr. D. H. Lawrence, past potentate of El Maida temple, Galveston.

Big Feature Wednesday.

The big entertainment features will occur on Wednesday, following the arrival of P. K. Silverwood's party from Chicago. This party, traveling in a special train, will be met at Fort Bliss by the local committee and escorted into the city.

The party will include several of the imperial divan, and those that are expected to come are Henry P. Niedringhaus, Jr., imperial deputy potentate; Elias J. Jacoby, imperial chief rabbi; W. Freeland Kendrick, imperial high priest and prophet; William S. Brown, imperial treasurer; Benjamin W. Rowell, imperial recorder; John T. Jones, imperial marshal; Conrad V. Dyckman, imperial captain of the guard; and James E. Chandler, imperial outer guard.

In Champion Oyster Eater.

At Galveston last Wednesday night, he was the honor guest at an oyster feast and was given a leather medal for having eaten the largest number of oysters. He is credited with having consumed something less than 375 bivalves at one sitting.

From El Paso Mr. Stevens, with the silverwood party will go to El Paso, thence to Los Angeles, Oakland and San Francisco. From San Francisco the imperial potentate party will sail for Honolulu. Returning about April 6, Mr. Stevens will return to his home in the northern route, visiting six temples en route.

Cupid Uses Machine Gun

In Shooting His Arrows at El Paso's "War Brides"

When a short item of the antics of Cupid at Camp Cotton was published on Monday, reference was made to the sudden change of mind of one young woman who promptly accepted the proposal of a young army officer whom she had kept dangling for several weeks.

And now listen to the sequel: Four young women, who, up to last Monday night, had expressed the opinion that it was mean of her to publish their little love story. Four—count 'em—four.

And the joke of it all is that the society editor himself seems to know a lot about the sudden departure of the Sixth Infantry.

MILITIA CAVALRY OFFICERS TO HAVE SCHOOL OF INSTRUCTION

San Antonio, Texas, March 14.—A four-days school of instruction for militia officers of the national guard of Texas, Louisiana, Oklahoma, and Colorado will be held at Fort Sam Houston, near here, May 14-23.

Cavalry officers from Fort Sam Houston will instruct the militiamen, a troop of United States cavalry going into camp with the state officers to lend a more practical phase to the training school.

Besides officers, each troop of national guard cavalry will be asked to send four cadets to the camp. Officers attending the school will come from Houston, Amarillo, Corsicana and San Antonio, Texas; Jennings, Louisiana; Oklahoma City and Okemah, Oklahoma; and Hastings, Denver and Boulder, Colorado. There is a national guard troop at each of these cities.

CONTRACT FOR THE ELEVATORS LET

Warner Elevator Company is Given \$20,000 Contract For New Court House.

The county commissioners court, in session Monday afternoon, rescinded its former order calling for new bids, and awarded the contract for the installation of elevators in the new county court house to the Warner Elevator company, of Cincinnati. The company's bid was \$20,000.

The discussion over the matter of awarding the contract, which started during the morning session, was continued during the afternoon.

Henry Frost, of Frost & Frost, court house architect, was present. He declared the Otis machine the most perfect that has been made, and that 30 per cent of the architects of the county recommended the Otis.

County engineer Charles S. Henning stated that the committee appointed to investigate the merits of the two machines, told the Otis people that they could not see \$11,000 more value in their machine.

"If everything were equal, which would you prefer, the Otis gearless or the Warner gear machine," asked commissioner Seth B. Ordorff.

"I would prefer the Otis gearless," Mr. Henning replied. "Either will serve all your needs, however."

Returning to the matter of the view of the higher cost of the Otis, he favored the Warner machine, but felt some reluctance in not following the recommendation of the architects.

Commissioners J. W. Walling and James Clifford expressed themselves as favorable to the proposition of saving the county \$11,000, and when the vote was taken on commissioner Walling's motion, made earlier in the session, commissioners Ordorff, Clifford, Walling all voted "yes." Commissioner George Pendell was absent.

The presentation of a protest from the Ben Franklin club, composed of local printers, against the placing of orders for printing with outside firms, led to considerable discussion. The protest enumerated several bills paid to outside printing firms, and was signed by W. J. Moran of the Labor Advocate, W. J. Rife of the Hughes-Rife Printing company; R. P. March of the Franklin Printing company, and W. V. Ellis of Ellis Brothers Printing company.

Mr. Moran and Mr. Ellis each made short talks to the court. Auditor Roy Barnum, in reply, cited a number of instances where he had saved the county considerable money by placing orders outside.

The discussion ended with the passing of an order that the home printers be given the preference where the price is anywhere near the same.

Makes Vaccination Report.

Dr. G. N. Thomas, county physician, submitted a report showing that during the last 12 months 2786 had been vaccinated, 1200 calls to outside homes were made and over 600,000 units of anti-toxin administered. He recommended that the name of the county poor farm be changed to El Paso County home.

Typhus Situation Improves.

In commenting upon his report, Dr. Thomas stated that the typhus is slightly improved. The report showed that there had been a total of 27 cases, of which four had died, and four had been discharged, leaving 19 cases under treatment. He told of the methods of treating the prisoners at the jail as a preventive measure against typhus, stating that the coal oil and vinegar bath as given to the inmates of the jail, but the dipping of clothing in gasoline is done in the back yard.

Is Appointed Constable.

E. S. Shierman was appointed constable at the smelter.

The request of May E. Campbell for cancellation of tax penalties on certain property outside the city limits, was referred to county assessor George W. Huffman for investigation and report.

INQUIRY FOR MISS BROOKS.

An inquiry has been received by The Herald from H. C. James of Memphis, Tenn., asking that Miss Carol Brooks, who was believed to be in El Paso, write him in care of the general delivery at Memphis. Miss Brooks was said to have been with a local musical comedy company during the winter season.

Astonishing Power of Iron to Give Strength to Broken Down Nervous People

Physician Says Ordinary Nuxated Iron Will Increase Strength of Delicate. Took 200 Per Cent in Two Weeks' Time in Many Instances.

NEW YORK, N. Y.—In a recent discourse Dr. E. Sauer, Specialist, of this city, said: "If you were to make an actual blood test on all people who are ill you would probably be greatly astonished at the exceedingly large number who lack iron and who are ill for no other reason than the lack of iron. The moment iron is supplied all their multitude of dangerous symptoms disappear. Without iron the blood at once loses the power to change food into living tissue, and therefore nothing you eat does you any good; you don't get the strength out of it. Your food merely passes through your system like corn through a mill with the rollers so wide apart that the mill can't grind. As a result of this continuous blood and nerve starvation, people become generally weakened, nervous and all run down, and frequently develop all sorts of conditions. One is too thin, another is burdened with unhealthy fat, some are so weak they can hardly walk; some think they have dyspepsia, kidney or liver trouble; some sleep at night; others are sleepy and tired all day, some (and many) are irritable, some nervous and bloodless, but all lack physical power and endurance. In such cases it is worse than foolishness to take stimulating medicine, or narcotic drugs, which only whip up your fading vital powers for the moment, maybe at the expense of your life later. No matter what ails you, tell us you, if you are not strong and well you owe it to yourself to make the following test. See how long you can work or how far you can walk without becoming

tired. Next take two five-grain tablets of ordinary nuxated iron, three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous, run-down people who were ailing all the time double, and even triple their strength and endurance and entirely get rid of their symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form, and this after they had in some cases been doctoring for months without obtaining any benefit. You can talk as you please about all the wonders wrought by new remedies, but when you come down to hard facts there is nothing like good old iron to put color in your cheeks and good, sound, healthy flesh on your bones. It is also a great nerve and stomach strengthener and the best blood builder in the world. The real trouble was that the old form of iron, iron acetate, etc., often ruined people's teeth, upset their stomachs and were not assimilated, and for these reasons they frequently did more harm than good. But about a young army officer whom she had kept dangling for several weeks.

NOTE.—The manufacturers of Nuxated Iron have such unbounded confidence in its potency that they authorize the statement that they will forfeit \$100,000 to any charitable institution if they cannot take away from a man or woman under sixty who lacks iron and increase their strength 200 per cent or over in four weeks' time, provided they have no serious organic trouble. Also, they will refund your money in any case in which Nuxated Iron does not at least double your strength in ten days' time. It is dispensed in this city by Owl Drug Co., Covey Martin Co., and all other druggists.—Adv.

Tobacco Habit Easily Conquered

A New Yorker of wide experience, has written a book telling how the tobacco or opium habit may be easily and completely banished in three days with delightful results. The author, Edward J. Woods, 1251-G, Station 2, New York City, will mail his book free on request.

The health improves wonderfully after the electric pulse is out of the system. Calmness, tranquil sleep, clear eyes, normal appetite, good digestion, manly vigor, strong memory and a general gain in efficiency are among the many benefits reported. Get rid of that nervous feeling; no more need of pipes, cigars, cigarette, snuff or chewing tobacco to pacify morbid desire.—Adv.

TODAY'S BEAUTY HINT

It is not necessary to shampoo quite so frequently if your hair is properly cleaned each time by use of a really good shampoo. The easiest to use and quickest drying shampoo that we can recommend to our readers may be prepared very cheaply by dissolving a teaspoonful of canthrox, obtained from your druggist, in a cup of hot water. This rubbed into the scalp creates a thick lather, soothing and cooling in its action, as well as very beneficial to scalp and hair. After rinsing, the scalp is fresh and clean, while the hair dries quickly and evenly, developing a bright luster and a soft fluffiness that makes it seem very heavy.—Advertisement.

Clears Complexion

Don't worry about skin troubles. You can have a clear, clean complexion by using a little Zemo, obtained at any drug store for 25c, or extra large bottle at \$1.00.

Zemo easily removes all traces of pimples, black heads, eczema, and ringworm and makes the skin clear and healthy. Zemo is neither watery, sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.
